

Annika Klüpfel

Full-Stack Software Developer

AnnikaKluepfel@web.de ·  GitHub ·  Xing

Profile

Full-stack software developer with a strong focus on data. I came to software in 2020, after studying anthropology and working in public administration. I am most at home beneath the surface – databases, APIs and automation – while an eye for design helps me on the frontend.

Work Experience

Hamburg, Germany

07/2026 – today

Klett Online-Weiterbildung GmbH & Co. KG

formerly ILS Institut für Lernsysteme GmbH

Full-Stack Software Developer

- Developing a web application in React, Next.js and TypeScript, with occasional work on the legacy Java application that serves as its backend and whose frontend it is meant to replace
- Writing a CLI wrapper for a configuration server in Go

04/2025 – 06/2026

Data Warehouse & BI Engineer

- Building data pipelines and Python notebooks, plus tooling for their operation, e.g. alerts for failed runs
- Writing a CLI to deploy SQL changes to different databases

10/2023 – 03/2025

SQL Developer

- Writing SQL for API endpoints, ad-hoc requests from departments and CRM documents
- Developing a small web app for services the CRM does not provide, with Microsoft Entra ID sign-in (MSAL.js) and a GitHub Actions workflow deploying it to internal servers via self-hosted runners

Bremen, Germany (remote)

03/2021 – 08/2023

Whic UG

Full-Stack Software Developer

Main tasks

- Building the spirits e-commerce platform *Distilando* with a Vue/Nuxt frontend
- Developing its backend as several Express services on SQL databases, containerised with Docker and hosted in the cloud

Other tasks as required

- Product matching algorithm, API integrations and scraping scripts (JavaScript)
- Text generation for product data: first a Flask app processing uploaded Magento exports (Python), later rebuilt as an automated service triggered by Akeneo PIM webhooks (Vue, Express)

Hamburg, Germany

12/2015 – 02/2022

Fördern und wohnen AöR

Administration in Refugee Accommodations

- Managing room occupancies, data maintenance
- Intermittent management of an accommodation with a team of more than 20 people as its deputy head

Hamburg, Germany

08/2015 – 11/2015

Breeze Technologies UG

formerly Robert Heinecke, Sascha Kuntze und Jan Rübhelke GbR

Intern in PR and Design

- Design, research and copywriting for marketing materials
- Writing a magazine article for *t3n* (journal on digital economy)

Hamburg, Germany
07/2020 – 12/2020

Education

Hamburg Coding School

Full-Stack Web Development Graduate

Final project: travel blog in React with a Node.js backend fetching geographic data from a REST API

Final grade: 14 out of 15

Hamburg, Germany
10/2009 – 07/2015

University of Hamburg

B.A. & M.A. Social/Cultural Anthropology

Research topics: philosophy of science, ethnicity, nationalism

Final grade M.A.: 1.3 (94%)

Marktheidenfeld, Germany
07/2008

Balthasar-Neumann-Gymnasium

High School Diploma (Abitur)

Main subjects: English, art, mathematics, religion

Final grade: 1.4 (92%)

Hamburg, Germany
